Minutes of a meeting of Progressive Club of Alamitos Beach held January 4, 1952

The meeting was called to order at 8 pm, Louis Delsbelden presiding.

Minutes of the previous meeting were read and approved.

Treasurers report, showing a balance on hand of 385.23 was read and accepted.

Letter from the Dept. of Public Works with the reference to street signs in the Robinson and Upton Tracts was read. Secretary was instructed to address this County Dept and inquire if it would not be possible also to sign three Robinson Tract streets which do not adjoin County roads, and state P.C. would bear the expense of these signs if necessary.

This letter also contained a recommendation regarding posting of sign to keep automobile traffic off private road, and secretary was requested to pass this information on to interested parties.

At this point Mr. Delsbelden turned the gavel over to incoming President Wm Airey, who ~~took~~ took the chair.

The matter of dismantling the Christmas tree and repacking the lights was discussed, and it was decided Pres. Airey would contact someone to attend to this. The Secretary was requested to address a letter to Wayne Nelson, to thank him for providing the tree

Pres. Airey reopened the question of nominations for Directors to S B C. C. Inc. and by unanimous consent Louis Delsbelden acting as a member of the nominating committee, was requested to place the name of Lester Dadas Jr in nomination.

Upon ~~motion~~ motion duly seconded the Treasurer was authorized to pay all outstanding

bills.

Mrs Henry Savage reported progress on plans for the March of Dimes dance, scheduled for Jan 21, 1956 at Com. Center.

A letter for transmittal to all P C members, and other residents & property holders in SB, was submitted and approved.

Discussion was opened on damage to local streets during the Christmas week rainstorm and floods, & various suggestions for preventing future damage were made. The Sec. was instructed to address the Dept of Public Works requesting that a representative of that Dept confer with our officers with a view toward expenditure of Flood Relief funds on permanent improvements.

There being no further business upon motion duly seconded, the meeting adjourned.

Resp. Sub.

Rm.

Minutes of a meeting of Progressive Club of Stinson Beach - held Feb 1, 1956 at Community Center Hall.

The meeting was called to order at 8:10 pm., Elting Hubbard presiding.

Minutes of the previous meeting were read and approved. Treasurer's report, showing a balance of $367.43 was read, and accepted.

No committee reports were made with the exception of it being announced that the Christmas tree had been dismantled.

There was no old business.

When new business was called for Mr. C. J. Green reported on action already taken with regard to flood damage at Stinson Beach, and presented two problems to be considered on flood protection; one concerning Community Center property and one concerning private properties. He offered a motion that Progressive Club appoint a committee to take up the matter of flood protection for the community as a whole. This motion was seconded and passed.

Mr. Hubbard forthwith appointed Mr. C. J. Green Chairman of this Committee, with O B Cavanaugh, Walter Hazenbuch, and Elting Hubbard to serve with him.

It was pointed out that Public Works Director Marvin Brigham and Supervisor Vera Schultz, together with members of the Corps of Army Engineers had already made some surveys of the damage, which they estimated amounted to around 100,000.00,

exclusive of damage to roads and highways. It was further stated that Mrs. Schultz was following thru to secure ~~funds~~ flood relief funds for this community, if possible.

Mr. Green presented a letter which he requested, as Chairman of the Flood Protection Committee, be sent to the State Division of Highways, and the Secretary was instructed to forward this.

Mr. Otto Rasmussen described the damage resulting from inadequate drainage on Stinson Beach Highlands roads, ~~and~~ which in his opinion merited the attention of the committee.

Announcement was made of the annual meeting of Stinson Beach Community Center, scheduled for February 7, 1956, at which time a potluck supper would precede the business meeting. All Progressive Club members were urged to attend.

There being no further business the meeting adjourned, and members remained to view movies and colored slides taken during the week end of the damaging floods, and to enjoy a cup of coffee.

Respectfully submitted

Ruth Mullen, Secy.

Fire insurance rates based on evaluation made by Board of Fire Underwriters, of fire protection. They take into consideration many items - including water system, hydrants, fire mains, etc -

All insurance gradings run from #1 - which applies in cities with highest possible protection to #10 - communities with poorest protection

Balboa is rated on 2 gradings -
Zone 1 - "downtown" section where hydrants and mains qualify for Class 8 grading
Zone 2 - Area outside - and remoted from hydrants and mains, is Class 9 B.

Stinson Beach is graded at Class 9.

Comparitive rates - 3 year

Balboa - Zone 1 8 18¢ (45¢)
Zone 2 9B 29¢ - (73¢)

Stinson Beach 9 27¢ - (67½)

Last survey made at Stinson Beach in summer & fall of 1950 -

E. C. Adams, District Engineer
Bd of Fire Underwriters of the Pacific
320 California Street, San Francisco.

MINUTES OF A MEETING OF PROGRESSIVE CLUB OF STINSON BEACH
held at Community Center, March 7, 1956

Themeeting was calledto order at 8:10 p.m., President Airey presiding. Minutes of the previous meeting were read, and approved. Treasurer's report, showing a balance on hand of $498.43 was read, and accepted.

Mr. C. J. Green, as Chairman of the Flood Protection committee, reported on the resolution passed at the annual meeting of Community Center, which called for a request being sent to our legislators in Washington asking for a survey of Easkoot Creek by the U. S. Army Engineers.

He further reported that Engineers who had visited Stinson Beach after the floods were here in behalf of Disaster Relief, and that they had recommended to Civil Defense officials that Marin County would be reimbursed for cleaning out the creek.

The Engineers pointed out that regarding protection against future floods a resolution of Congress was required to make future surveys, and that this presumably is forthcoming. As a preliminary, a meeting would be held in Stinson Beach to get the ideas of the residents, and the next step would probably be determined by them. (Engineers?)

Mr. Green further reported that hehad attemptedto see the Division of Highways, and had word from that office that they were on the job.

Headvised the State Division of Beaches and Parks was another agency directly concerned, and in his approach tothem they were emphatic that they had no appropriation yet for Stinson Beach operation, and if they did get one it would be June 30th before funds were available. A representative of the division has promised to come and survey the Park, in the company of Public Works Director Brigham.

Mr. Brigham has stated that he would recommend to the County that they keep the gravel basin empty, if we acquire a gravel basin. Mr. Green hoped for help from the Division of Parks and Beaches to finance a basin.

Mr. Green announced he would see the Highway and Parks divisions when he was next in San Francisco. He also reported that Stinson Beach Community Center was going ahead with the building of a crib at the point where the creek broke through on Community Center property.

Mr. Airey reported on a letter received from the Director of Public Works to the effect that his office would send a representative to meet with our officers to go over the local road situations, but that it was the opinion of our officers that this matter could be delayed until such time asthe pressure was off the engineers and members of the road department.

Mr. Fostine reported that street signs were on order before the December and January rains, and that the County was furnishing signs for all streets that had been accepted by the County and all other roads that adjoined a county road. He estimated the cost of each sign, including installation, at about $20.00 per sign, and reiterated the information given by Mr. Brigham that they would order and install signs for those streets not adjacent to a county road if we would bear the expense.

It was then moved by Elting Hubbard, Seconded by Harriet Greene, and unanimously passed that a letter be sent the Director of Public Works requesting that signs for Robinson Tract streets, namely Calle del Pinos, Calle del Pradero, and Calle del Onda be ordered, to be installed by the County and to be paid for at the cost to the County by Progressive Club.

A letter from the West Marin Junior Livestock Show and Festival was read, and ordered filed.

Report of a meeting of the Federation of Improvement Clubs was presented for perusal of anyoneinterested.

It was moved, seconded and unanimously passed that bills from Baywood Press, covering printing and post cards, be paid.

There was a general discussion on the work being done and to be done in thelocal creeks. Mr. Fostine reported his crew had left off work in the creek and had hauled rock and materials to place a wall at the end of Belvedere (above Community Center property). He stated the Army Engineers were going to clear the creek from the culvert at the turn on Shoreline Highway to past Halfway, and stated some $11,000. had been appropriated to do this work.

It was moved by Mr. C. J. Green, seconded by Mr. Elting Hubbard, and unanimously passed, that a letter be sent our County officials expressing our appreciation for the work done here and their promptness in coming to our assistance. The secretary was instructed to forward this letter to the Board of Supervisors, with a copy to the Director of Public Works.

Mr. Fostine stated the Department of Public Works would soon send their engineers to Stinson Beach to make profiles of the bridge proposed for Arenal Way.

Upon motion duly seconded and unanimously passed, Progressive Club agreed to again sponsor an Easter Egg hunt for the children of the community. Mrs. Lester Sadler was named chairman of this event, and was authorized to incur indebtedness usual to this project.

Mr. Lester Sadler reported on recent activities of the Board of Directors of Stinson Beach Community Center, naming the officers elected for 1956 as well as the chairmen of standingcommittees. He outlined the progress made in clearing the property and the preparations for construction of the crib, and also the plans for planting, and landscaping.

Mr. O B Cavanaugh brought up the question of the difference in fire insurance rates at Stinson Beach and Bolinas and this matter was discussed. Information furhished by Ruth Miller showed that the system of grading used by the Board of Fire Underwriters of the Pacific gave Bolinas a slightly lower rate due to their better water system, etc. A copy of her report is attached to and made a part of these minutes.

There being no further business, upon motion duly seconded the meeting adjourned at the hour of 9:45 p.m.

Respectfully submitted,

MINUTES OF A MEETING OF PROGRESSIVE CLUB OF STINSON BEACH
held at Community Center, April 4, 1956

The meeting was called to order at 8:15 p.m., Vice President Hubbard ppesiding. Minutes of the previous meeting were read, and approved. Treasurer's report, showing a balance on hand of $488.29, was read and accepted.

Copies of letters to and from Redwood Empire Association and out of state Automobile Clubs were read and ordered filed. These letters indicated the interest shown by tourists in the Shoreline Highway area.

Mr. C. J. Green reported for the Flood Control committee, stating a designing engineer of the State Division of Highways had visited Stinson Beach, and had inquired regarding local interest in the bridge to be built. He further reportedthat he had contacted the Division of Beaches and Parks and had been informed that they would be glad to participate in flood control measures but could not say to what extent. Further that assoon as an Engineer from Sacramento was available the creek situation would be looked over by Mr. Brigham.

The Army Engineers were to put the creek back to its condition before the floods, but would do nothing new or make any changes.

On the last visit ofthe Army Engineers Mr. Green saw the Chief Hydraulic Engineer, who gave him information that if flood protection measures would not cost the Federal Government in excess of $150,000.00 it was necessary only to petition the local Engineers to do that work. After a survey and investigation, if approved, they could then do the work.

Mr. Green moved that we request the Board of Supervisors to request the office of the District Engineer, U. S. Army Engineers, to investigate the feasability of providing protection from flood damage by Easkoot Creek in Stinson Beach, as discussed by Mr. Green and Mrs. Schultz.

This motion was seconded by Wm. Airey and after discussion was unanimously passed.

Mr. Green requested that anyone able to pick up cardboard cores from linoleum or rug rolls, should do so and deliver them to the site of the crib to be built as a flood protection measure.

Motion was made, seconded, and unanimously passed that Mr. C. J. Green be reimbursed for his telephone and travel expenses in connection with the Flood Control Committee.

Mrs. Geneva Reinhardt discussed the prevalence of gnats in Stinson Beach, and moved that a letter beaddressed to our Supervisor, Mrs. Vera Schultz, to determine whether or not it would be possible for the County to destroy them by spraying at the same time they spray in the StatePark for mosquitos. Motion was seconded and unanimously passed.

The planting and curbing in front of and around Community Center buildings was discussed, and it was moved, seconded and unanimously passed that Progressive Club representatives on the Board of Directors of Stinson Beach Community Center be instructed to request that facilities be provided so that a truck could be backed up to the center front doors of the building.

Bill in the amount of $13.21 was presented, this being for candy purchased for the Easter Egg hunt, and this was approved for payment.

There being no further business, upon motion duly seconded the meeting adjourned at the hour of 9:50 p.m.

Respectfully submitted,

Ruth Miller Secretary

MINUTES OF A MEETINGOF PROGRESSIVE CLUB OF STINSON BEACH

Held at Community Center, May 2, 1956

The meeting was called to order at 8:10 p.m., President Airey presiding. Minutes of the previous meeting were read and approved. Treasurer's report, showing a balance on hand of $481.08, was read and accepted.

Mr. C. J. Green reported for his committee on flood control, advising little further development. He stated nothing could be done unless the Army Engineers rendered a favorable report, and this seemed doubtful because of the cost of flood control measures and the relatively few people involved. He was still pursuing the matter with the Division of Parks and Beaches, feeling that they could bring some pressure to bear because of the effect of floods on Stateproperty.

Reporting for Stinson Beach Community Center, delegate Lester B. Sadler reported a meeting of directors instructed delegates to take back to their respective organizations the matter of the landscaping and curbing, to secure a final decision. After open discussion, during which it was brought out that Stinson Beach Allied Arts and the Volunteer Fire Department felt that suggestions made by Manuel Fostine regarding size of planted area, grading, and curbing be followed as closely as possible, it was moved by O B Cavanaugh, seconded by Harriet ~~Miller~~ Lovell, that Progressive Club adopt the same recommendations. This motion was unanimously carried.

Mr. C. J. Green discussed the necessity of cleaning the creek, and it was suggested this phase be left until the Engineers came to do their scheduled work.

Bill from Airey's Store, in amount $10.70, covering purchase of supplies for the Easter Egg hunt, was approved for payment.

It was moved, seconded, and unanimously passed that Progressive Club pay membership dues to Marin Coast Chamber of Commerce, as a cooperative gesture.

There being no further business, upon motion duly seconded, the meeting adjourned at the hour of 9:26½ p.m.

Respectfully submitted,

Ruth Miller

Secretary

MINUTES OF A MEETING OF
PROGRESSIVE CLUB OF STINSON BEACH

Held June 6, 1956 at Stinson Beach Community Center

The meeting was called to order at 8:10 P.M., with the Secretary in the chair due to the absence of the President and Vice President.

Minutes of the previous meeting were read and approved. Treasurer's report, showing the amount of $477.38 on hand, was read and accepted.

Mr. C. J. Green reported for the Flood Control Committee, stating he felt it would be a long time before the Army Engineers would undertake any work on flood control measures, due principally to the work now facing them in areas where damage was much greater than here.

The cleanout of the creek is supposed to be underway and will no doubt done within a short time.

Mr. O B Cavanaugh stated that work on the bulkhead in the creek, to be handled by a Stinson Beach Community Center committee of which he is chairman, will probably be done during July.

Lester Sadler reported on Community Center activities, stating Henry Lacaze was appointed chairman of the committee in charge of placing a low rock wall between the planting and the paving in front of the hall.

He presented a proposed amendment to the by-laws, which in effect would limit expenditures by the Directors in the event of indecision in the Board, and would make it mandatory that member organizations give their approval on such questions. This matter was thoroughly discussed, and upon motion of O B Cavanaugh, seconded by C. J. Green, was tabled for action at our next meeting.

It was moved, seconded, and unanimously passed that a letter be written to United AmbulanceService, suggesting that their drivers be instructed on the shortest route to Stinson Beach, to avoid another instance of waiting over an hour and a half for the arrival of an an ambulance.

After discussion, it was moved, seconded and unanimously passed that letters be sent the California Highway Patrol regarding cars parked on the Highway obstructing the passage of pedestrians, and to the Division of Highways asking for paving, if possible, to reduce the dust that is present as a result of the winter floods.

It was moved, seconded and unanimously passed that ProgressiveClub would sponsor the first of the series of card parties to be held for the benefit of Stinson Beach Community Center, which is scheduled for June 29th. No chairman was appointed, but the following volunteered to serve -

PROGRESSIVE CLUB

OF

STINSON BEACH

MARIN COUNTY CALIFORNIA

Lester Sadler - tickets and ticket sales
Louise Airey - prizes
Gene Reinhardt - cakes for cake raffle
Harriet Greene - refreshments
OB Cavanaugh - setting up for party

Announcements were made as follows:

Allied Arts rummage sale on July 21st and 22nd. Members of Progressive Club were requested to cooperate in this venture so that the highest possible income could be made, as all proceeds are earmarked this year for Community Center.

4H Club cookie sale on Saturday, June 9th. Donations of cookies were solicited.

Upon motion duly seconded and unanimously passed it was decided no meeting would be held in the month of July.

There beingno further business, upon motion duly seconded the meeting adjourned at the hour of 9:35 p.m.

Respectfully submitted,
Ruth Miller Secretary

PROGRESSIVE CLUB

OF

STINSON BEACH

MARIN COUNTY CALIFORNIA

MINUTES OF A MEETING OF PROGRESSIVE CLUB OF STINSON BEACH
held August 1, 1956 at Community Center Hall.

The meeting was called to order at 8:15 p.m., President Airey presiding. Minutes of the previous meeting were read, and approved. Treasurer's report, showing a balance on hand of $472.73 was read, and accepted.

Correspondence, consisting of letters from the Division of Highways and the California Highway Patrol, was read and ordered filed.

In the absence of a committee chairman, members reported on the success of the card party sponsored by Progressive Club for the benefit of Community Center. It was moved, seconded, and unanimously passed that all expenses for the card party be deducted from the proceeds of the card party, and the balance turned over to Community Center.

It was moved, seconded, and unanimously passed that Progressive Club donate $5.00 toward the Tournament grand prize for the whist party series.

O B Cavanaugh reported for the Bulkhead Committee, stating that nothing had been done pending the possibility of equipment working in the creek.

Manny Fostine reported that street signs and posts were on hand, and would be installed as soon as the work program permitted.

A suggestion made by a Robinson Tract property owner that refuse cans be placed at the various beach streets, and refuse collected therein disposed of at the expense of the property owners, was discussed, but no action was taken.

Upon motion duly seconded and unanimously passed, the following bills were approved for payment:

Airey's Store	4.90	Card party refreshments
Bungalow Grocery	6.99	" " "
Louise Airey	7.19	" " prizes

Upon motion duly seconded and Unanimously passed the Treasurer was authorized to pay annual dues of $10.00 to the Save the Redwoods League.

It was moved, seconded, and unanimously passed that our President contact directors of Community Center, Inc., requesting action on the retaining wall or bumper curb in the parking area, and also disposition of the drain pipe which had been supplied free of charge.

After further discussion, it was moved by O B Cavanaugh, seconded by Louise Airey, and unanimously passed that Progressive Club go on record as being unwilling to adopt the amendment proposed to Stinson Beach Community Center by-laws in its present form. ~~This motion was unanimously passed.~~

There being no further business, upon motion duly seconded and passed, the meeting adjourned at the hour of 9:35 p.m.

Respectfully submitted,
Ruth Muller Secretary

MINUTES OF A MEETING OF PROGRESSIVE CLUB OF STINSON BEACH
held September 5, 1956, at Stinson Beach Community Center

The meeting was called to order at 8:10 p.m., Vice President Hubbard presiding. Minutes of the previous meeting were read and approved. The Treasurer's report, showing a balance of $456.65, was read and accepted.

A letter from the Division of Highways was read, this having reference to additional pavement on Shoreline Highway in the business section, and the Secretary was instructed to acknowledge receipt of this letter and express thanks for the cooperation promised by the Division.

It was moved, seconded and unanimously passed that bills paid for prizes and refreshments at the card party sponsored by Progressive Club be presented to Stinson Beach Community Center for reimbursement. It was also noted that Community Center would provide the $25.00 for the tournament prize and that it would not be necessary to pay a share from Progressive Club funds.

Mr. C. J. Green reported for the Flood Control committee, and stated the Army Engineers were waiting for a letter from the Board of Supervisors beforegoing further into the matter of flood control work. The cleanout of the creek was also discussed, and the fact noted that $11,000.00 of Civil Defense or disaster funds had been set aside for this work, while the Engineers hired the work done at a cost of around $6000.00. Mention was made of action taken in Washington, naming a limit of $400,000.00 per project which could be spent on flood control if in theopinion of the Engineers such work was justified. Mr. Green further stated he had not yet received definite advice from the Division of Beaches and Parks regarding their share of in the cost of flood control work.

Mr. O B Cavanaugh reported that the Stinson Beach Community Center committee in charge of installing a bulkhead in the creek had not proceeded with this work pending further advice of what work the County and/or the Engineers would be doing. It was the consensus of opinion that this Committee should continue to withhold action until it was known what the other agencies would be doing.

The fact that the County Fire Truck had been moved from Stinson Beach, and that to datethe several applicants for the Fire Warden's job had been turned down, was brought up and discussed. It was moved by O B Cavanaugh, seconded by Wm. G. Airey, and unanimously passed, that ProgressiveClub should address a letter to the Board of Supervisors calling attention to the unprotected watershed, etc. and impress upon them the necessity of replacing the fire truck. It was also pointed out that Stinson Beach School was outside the present fire district boundaries and it was felt this information should be considered in the letter to the Board.

Announcement of the date of the annual Dipsea Race was made. This race is to be run on Sunday, September 16, and since Progressive Club had been requested to again serve sandwiches andmilk to the racers it was moved, seconded and unanimously passed that we provide these refreshments as before. Mrs. Florine Moreland, Mrs. Ada Marble, Mrs. Louise Airey, and Mrs. Azuli Ahrens volunteered to assist in the preparation and serving of this lunch.

Report was made on the result shown on the traffic counters which had been placed at entrances to Stinson Beach via Panoramic and Shoreline Highways, which were as follows:

Via Panoramic Highway - 3277 cars from 10 AM 9/1 to 10 AM 9/4/56
Via Shoreline Highway - 3879 " " " " " " "

The meeting called by the Board of Trustees, Stinson Beach School District, with reference to transportation for kindergarten pupils between Stinson Beach and Bolinas, was discussed, and it was urged that all interested parties attend the meeting.

Announcement was made of a meeting of Marin Coast Chamber of Commerce to be held Tuesday night, September 11th, at Inverness Lodge, at which meeting the new County Administrator would be a guest speaker.

The final card party of the summer series was announced for Friday, September 7th, this party to be conducted by Community Center.

It was moved, seconded, and unanimously passed that Progressive Club address a letter to Mr. and Mrs. Wm. Woodington, expressing the regret of the members on their removal from Stinson Beach, at the same time wishing them well in their new home and business.

Theneed for a resident deputy sheriff was discussed, and as an interested party Mrs. Walter Marble was requested to call on the Sheriff and obtain a list of authorized deputies residing at Stinson Beach.

Heeding a call for volunteers, Mrs. O B Cavanaugh offered to provide refreshments for the October meeting, and Mrs. Walter Hagenbuch volunteered to do the same in November.

There being no further business, upon motion duly seconded the meeting adjourned at thehour of 9:35 p.m.

Respectfully submitted,
Ruth Miller Secretary

Minutes of a meeting of Progressive Club of Stinson Beach held October 3, 1956

The meeting was called to order at 8:15 p.m., President Airey presiding.

Minute of the previous meeting were read and approved. Treasurer's report, showing a balance of 444.65 on hand was read and accepted.

Correspondence was read and ordered filed.

No reports were made by Committee chairmen.

After short discussion, it was moved, seconded and unanimously passed that Progressive Club sponsor the showing of a film to be provided by the Cancer Society on Friday, October 26th.

With no other business to be brought before the meeting, Mr. Marvin Brigham, Director of Public Works of Marin County, was introduced. He proceeded to outline the proposed bond issue for roads which will appear on the Nov. 6th ballot, explaining the need for funds to improve and build County roads. There followed an informal discussion, during which Mr. Brigham answered questions regarding the issue.

There being no further business, upon motion duly seconded, the meeting adjourned at 9:15 p.m., ~~after~~ and coffee was served the members and guest present.

Respectfully submitted,
Ruth Miller, Secretary.

Note for the records: The absence of members of the League of Women Voters, scheduled to appear to discuss State Ballot propositions, was

found to be because of a mix up in dates, the Secretary's letter inviting their presence having been written as Wednesday October 4th —

Minutes of a meeting of Progressive Club of Stinson Beach, held Nov. 7, 1956.

The meeting was opened at 8 p.m., President Avery presiding.

Minutes of the previous meeting were read and approved.

Treasurers report included reading of a letter from American Trust Co. transmitting the sum of $200.00, from the estate of Louise F. Haas. Balance on hand was reported as $626.76.

Mr. C. J. Green reported for the Committee on Flood Control, stating he was advised by the office of the Army Engineers that Marin County had not yet met requirements and the County would have to agree to pay for operation. Their recommendation regarding the necessity for a survey of Easkoot Creek had been submitted but in Mr. Green's opinion it was doubtful that the Engineers recommendation would be favorable. He had information that the State Highway Div. might be agreeable to using gravel from the creek bed.

In Mr. Cavanaugh's absence, Mrs. Green also reported that while many thought installation of the proposed crib was not advisable while the bridge was so small, his opinion was that because of that the crib was all the more necessary.

Mrs. Marble advised she had talked to Sheriff Menary, who advised there were already two deputy sheriffs residing in Stinson Beach, namely Joe Curtis and O'Bleanaugh, and that no consideration was being given to any other deputy.

The matter of replacing the Refuse cans placed and maintained by Progressive Club on the Main Street was discussed, and it was moved, seconded and unanimously passed that Progressive Club replace the present receptacles with new cans.

It was moved seconded and unanimously passed that Progressive Club buy new lights and wiring for the Community Christmas Tree. Lester Bodler was appointed Chairman of the Tree Committee and authorized to secure the lights and make arrangement for erection of the tree.

It was moved seconded and unanimously passed that this organization provide refreshments following presentation of the Nativity Pageant on Saturday, December 21.

Announcement of a meeting of Marin Coast Chamber of Commerce was made, to be held ~~at~~ ~~the~~ November 13.

Nominations for officers for 1957 were called for, and none were named. Discussion regarding meetings during the coming year was held, with no decision being reached.

There being no further business the meeting adjourned, and was followed by a pleasant refreshment period through the courtesy of Mrs. Walter Hagenbuch.

Respectfully submitted

Ruth Mulder

Minutes of a meeting of
Progressive Club of Stinson Beach
held December 5, 1952

The meeting was called to order at 8:10 p.m. Vice President Hubbard presiding. Minutes of the previous meeting were read and approved. Treasurer's report, showing a balance on hand of $626.76 was submitted and accepted.

Bills as follows were presented:

Arneys Store - Lights for Christmas tree	41.68
Treasurer: Postage and Card book	4.84
State of California: Sign permit	2.00
C. J. Green: Telephone expense	2.85

Upon motion duly seconded and passed these bills were approved for payment.

A letter from Robert Diegelmeir was read and ordered filed.

C. J. Green, before reporting for the Flood Control Committee, introduced Mr. Carlson, Superintendent of Stinson Beach State Park, who greeted our members and volunteered to answer questions anyone might have concerning the Park and its operation.

Mr. Green reported that the preliminary

survey by the U.S. Engineers had been made. He further reported that he had gone to the San Francisco office of the Div of Beaches & Parks and found that department knew nothing of the survey and as a result of Mrs Green's visit there would be a meeting arranged between the Div of Beaches and Parks and the U.S. Engineers. Mr. Green stated he had written Mr. Newton Drury requesting the Div to send their Engineer to survey the situation prior to the U S Engineers survey, which is scheduled to be completed in January.

Mr. Green also reported having contacted the Division of Highways with reference to the size of opening planned for the bridge near the Fire House and learned it was to be 20', with the elevation the same as at present. He understood the State would be glad to get gravel and has suggested to S. B. C. C. they grant the State permission to clean out the creek at the upper end of the property. Another bale across the road would undoubtedly be

kept cleaned out by the County.

Mr. Green's report was completed by advising that the Directors of S.B.C.C. had authorized construction of a modified crib, which probably would be completed this week.

Nominations were again called for for 1957 officers, and since none were offered Mr. Hubbard volunteered to open the January meeting and bring this up again at that time.

Lester Baden reported as a Director of S.B.C.C. that a nominating committee had been appointed with Will Airey to act for Progressive Club. Other routine business, such as plans for installation of curbing and drain pipe had been taken care of at a recent Directors meeting.

Mrs. Henry Lacagi advised she and her husband would again head the March of Dimes at Stinson Beach and asked P.C. to sponsor a card party for this during January. It was moved seconded and unanimously passed that P.C. sponsor a Whist party for the

benefit of the March of Dimes.
Mrs. Lacaze to act as Chairman and appoint her own committee of assistants.

Report of damage to several homes during the absence of owners was made, and this problem discussed, with no conclusion being reached nor action taken.

Mr. C. J. Green suggested a letter to P.U.C. regarding possible curtailment of Greyhound service to Stinson Beach and after discussion it was decided to hold this in abeyance until it was known what action was taken by the Utilities Commission.

It was also noted that the SBWC was working on installation of the Chlorination system.

There being no further business, the meeting adjourned at 9:30 p.m.

Respectfully submitted
Ruth Mullen
